The Todd Folding Dock Step

Ruggedly constructed utilizing the latest engineering technology and the finest materials, the Todd Folding Dock Step is the most versatile, most affordable and most sturdy portable boarding step available anywhere! Our extruded aluminum steps feature raised ribs with non-skid coverings for sure-footed access to your boat. Boat dealers love these steps for boat shows, showrooms and for easy boarding of boats displayed anywhere. Boat owners choose the Todd Folding Dock Step for its light weight, easy portability, safe design and rugged construction.

4 Step height - (opened - 34") (closed - 4")
